- Personal Exemptions

Income Tax Surcharge for years 2009 and 2010:

Individuals who meet certain income requirements will pay a surtax on the amount of tax they owe before any withholding, payments or credits, as shown on Line 14 of the D-400 Individual Tax Return.

Surcharge Percentage Table		
Filing Status	NC Taxable Income shown on Line 13	Surtax percentage
Married Filing Jointly/Surviving Spouse	More than \$100,000 up to \$250,000	2%
Married Filing Jointly/Surviving Spouse	More than \$250,000	3%
Head of Household	More than \$80,000 up to \$200,000	2%
Head of Household	More than \$200,000	3%
Single	More than \$60,000 up to \$150,000	2%
Single	More than \$150,000	3%
Married Filing Separately	More than \$50,000 up to \$125,000	2%
Married Filing Separately	More than \$125,000	3%

For example, if your filing status is "married filing jointly" and your North Carolina taxable income shown on Line 13 of Form D-400 is \$150,000, you would compute your "regular" state income tax on Line 14 and then multiply that amount by 2 percent. The result would be added to your "regular" tax on Line 14 to give you your total tax liability. Then you subtract credits, withholding, payments, etc., to find out if you are due a refund or if you have to pay any additional tax.

Note: there is no penalty (interest) for underpayment of estimated tax if the underpayment is because of the surtax
